MARIGOLD STORY BLAZERS

Halloween A-Z

Coloring Book

A Friendly Letter & Coloring Adventure

Ages 3-5

Welcome to Marigold Ridge

Every color belongs here. Explore friendly Halloween scenes, try a new idea, and make each page your own.

For grown-ups: Read the short directions together. Let your child name, point, count, trace, and color at their own pace.

Crayons and colored pencils work well. If you use markers, place a spare protective sheet behind the page. Ink may still pass through the paper.

Each coloring or activity page has a blank back. These blank pages are intentional.

Made for little hands and big imaginations.

Write your name. Choose your colors.

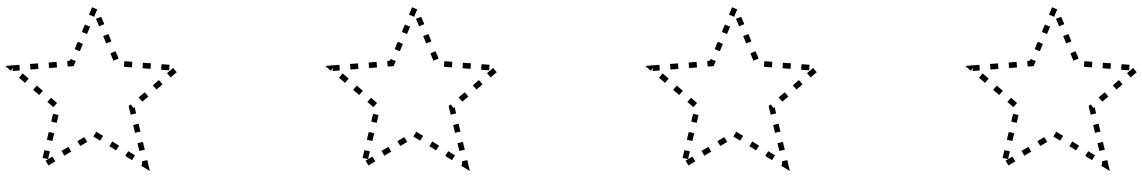

Color your own way

Say each letter name. Notice its capital and lowercase forms. Name the picture, then color it.

There is no one right color. Pause when you need a break, and come back when you are ready.

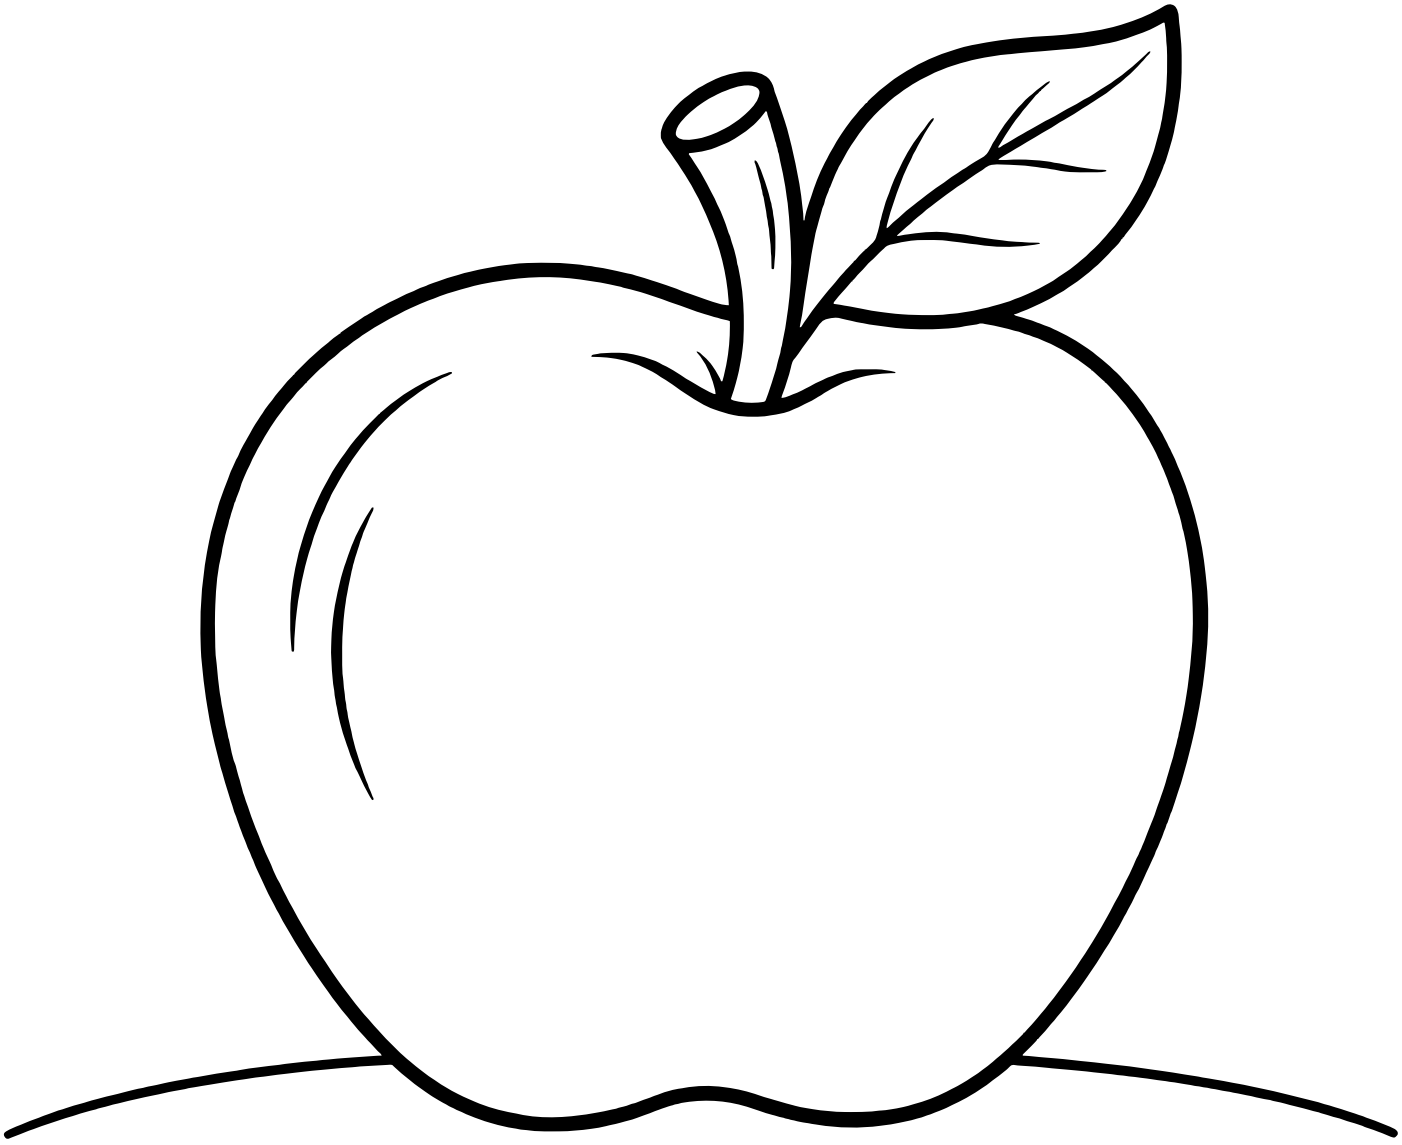

Draw a little star below each time you try something new.

Let the Halloween adventure begin!
