MARIGOLD STORY BLAZERS

Halloween Numbers 1-10

Coloring Book

A Friendly Counting & Coloring Adventure

Ages 3-5

Welcome to Marigold Ridge

Every color belongs here. Explore friendly Halloween scenes, try a new idea, and make each page your own.

For grown-ups: Read the short directions together. Let your child name, point, count, trace, and color at their own pace.

Crayons and colored pencils work well. If you use markers, place a spare protective sheet behind the page. Ink may still pass through the paper.

Each coloring or activity page has a blank back. These blank pages are intentional.

Made for little hands and big imaginations.
